Feb. 7th, 2011.

I would like to commend Avon Chiropractic Healthcare for the very professional way they run their clinic in Warwick.

I found that Stuart Herbert was a very skilled and professional chiropractor when he treats his patients. The practice has a very pleasant and friendly setting which gives a patient much confidence in the successful outcome of the treatment.

As someone who practised chiropractic in the Leamington and Warwick area for over 40 years I have no hesitation in recommending Stuart Herbert for his chiropractic care.
